Education

- Ecole Polytechnique – Diplôme d'ingénieur polytechnicien**, Palaiseau (91) Sept 2023 – Present
- Master's degree in France's #1 engineering school.
 - Majors: Computer Science and Applied Mathematics.
- Ecole des Pompiers de Paris – First Aid Training**, Limeil-Valention (94) Oct 2023 – Dec 2023
- 2-month formation for advanced first aid teamwork to serve in the Paris Fire Brigade.
- Sorbonne Panthéon 1 – Law Studies (1-year License)** Jul 2022
- One-month intensive courses to validate first-year law studies after preparatory class.
- Lycée Louis-le-Grand – Classe Préparatoire aux Grandes Écoles** Sept 2021 – Jul 2023
- Two-year intensive program preparing for top-tier engineering entrance exams : Mathematics and Physics.
- France IOI – Computer Science Intensive Program** Sept 2016 – Jul 2023
- Finalist of the Algorea contest (french algorithm olympiads) from 2017 to 2021
 - Participated in programming contests (FARIO, Codeforces, Codingame, etc.).
 - Member of the French team for the European Junior Olympiad in Informatics (EJOI) in 2019 (silver medal).
 - Learned C++, C, Java, Python, and algorithm design and analysis.

Professional Experience

- AI Intern, DelosIntelligence** Jun 2025 – Aug 2025
- Discovered and applied key concepts of Artificial Intelligence and Machine Learning in real-world contexts.
 - Gained hands-on experience with the implementation and deployment of AI models in production environments.
 - Strengthened Python proficiency to an enterprise-level standard for scalable and maintainable codebases.
- Scientific Data Project, in collaboration with CMA CGM** Feb 2025 – Jun 2025
- Worked collaboratively with a team to design and implement solutions for maritime logistics optimization.
 - Applied state-of-the-art AI techniques, including Transformer-based models.
 - Use modern data processing tools such as Snowflake and Dataiku for processing and visualisation.
- Crewman, Paris Firefighters – Grenelle Fire Station**, 15th arrondissement, Paris Dec 2023 – Mar 2024
- Served for 4 months as a first aid crew member in emergency services.
 - Worked day and night shifts and adapted to high-stress team environments.
- Intern, Allegorithmic (Adobe)** Jun 2019
- Short discovery internship in a professional software development team.

Additional Activities & Interests

- **Sports:** Basketball team member; regular training.
- **Carpentry:** Active member of the Ecole Polytechnique carpentry club.
- **Music:** Active member of a DJ and music production association of the Ecole Polytechnique

Languages and Computer Skills

Languages: French (native), English (fluent – C1), German (proficient – B1)

Programming: Java, Python, C++, C, C#, Dart, SQL, HTML, CSS, JavaScript, Rust

Software: Linux (Ubuntu), Windows, Microsoft Office Suite, OpenOffice
